Interim Agricultural BMP Definitions and Effectives Values_082010_.doc

Good Afternoon Jennifer and Mark,

Thank you again for your time yesterday, as well as the WIP team representatives, in visiting the CBPO and discussing questions related to the TMDL WIP for Delaware. I have enclosed a document describing a number of provisionally approved interim agricultural BMPs that have been submitted to the CBPO for consideration in WIP scenarios. Although they are subject to change prior to formal adoption by the partnership following the BMP Protocol process, there may be several BMPs that would have potential application in Delaware's WIP.

Thank you for your time and consideration. Should you have any further questions, please contact Chris Brosch and me at your convenience. Thanks!

Mark P. Dubin
